NEW HAMPSHIRE  
STATE LIBRARY

Whether larger Manchester will ever include Goffstown or not, we cannot say, but our thanks for a steadily increasing patronage includes our many patrons from our near neighbor on the west.

To keep pace with our increasing business we have greatly enlarged and improved our equipment, especially in our sight-testing department.

Kindly make use of our central location to accommodate you in every way possible.

Our office is terminus for the Goffstown trolleys.

[ L. S. ]

STATE OF NEW HAMPSHIRE.

*To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, and in said State, Qualified to Vote in Town Affairs:*

You are hereby notified to meet at the town house in said town on Tuesday, the fourteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for the support of schools, for maintenance of the poor, for repairs of highways and bridges, and for Memorial Day.

3. To see how much money the town will vote to raise for the Goffstown Public Library.

4. To see if the town will vote to comply with the provisions of the law for the purpose of procuring state aid for highways.

5. To see if the town will vote to accept the offer of the State Highway Commissioner for the maintenance of our main highways.

6. To see if the town will vote to build a concrete walk northerly from the residence of Alonzo M. Carleton on the west side of High street to the boundary of the precinct, and to build concrete crossings in front of the residences of Mrs. Henry H. Stark and Frank A. Stark, and appropriate the necessary money for the same.

7. To see if the town will vote to install an electric light on Pinard street, and raise and appropriate money for the same.

8. To see if the town will vote to place the monument given by Henry W. Parker in memory of Goffstown's departed soldiers of all wars, upon the lot on the north side of the hotel, and raise such a sum of money as might be necessary to defray the cost of dedication.

9. To see what sum of money the town will vote to raise for the improvement of cemeteries.

10. To hear the report of the town history committee and see what action the town will take towards raising money for the same.

11. To see if the town will vote to reconstruct the surface drain near Shirley Station to allow its use as a sewer, provided suitable terms can be obtained of the Boston & Maine Railroad.

12. To hear the reports of agents and auditors and pass any vote relating thereto.

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 26th day of February, 1916.

## REPORT OF TOWN HISTORY

---

*To the Town History Committee of Goffstown:*

Gentlemen—A report of the progress of the town history seems at this time to be in order.

Few people have an idea of the vast amount of labor involved in a work of this kind, and some no doubt think that the work has been prolonged already beyond a time of completion.

It was not my intention to write a genealogical record, but yielding to the urgent demands of the people, I undertook the same.

I fully realize that no one has ever yet entered that field with an adequate conception of the amount of labor involved to bring such a work to a satisfactory conclusion.

In a genealogical record not only does the genealogist feel compelled to do his work but he must do it aright.

Many times he is laying a foundation upon which future generations will build, and it is of the utmost importance that the data be correct, absolutely impartial, and as brief as possible.

No one realizes until they have investigated how some family tradition or legend handed down from one generation to another, being so often told becomes crystalized until it is assumed to be strictly true, when at the start there was no semblance of truth.

It is very often the case that people claim that their early ancestors were revolutionary soldiers, when as a matter of fact the ancestor referred to was not born until after the Revolution.

Often an assertion or mis-statement may mislead the historian to a great degree.

It is not a small work, by any means, to sift the truth from the untruth, the wheat from the chaff, and to get at the true record, to fix dates, ancestry, children, and assemble families.

The present families of the town and a large majority of the former ones, in fact all of whom any trace could be found have been taken up, and are upon completed lists or on the note books.

In all cases the record extends back as far as possible, often to 1640, to the original emigrant, which makes a record of value, and judging by the interest taken, both by residents and persons out of town, will be fully appreciated.

To bring this part of the work to a completion or as fully as it is possible will require some three months' time.

No subject of this kind is ever fully done, for history is going on and what is today finished is tomorrow taken up, and new facts and items of interest discovered.

Some may regard this part of the work a mistaken idea, but in future years it will be the more valuable.

In regard to the other part of the work nothing has been done the past year.

No time has been or could be taken for that, inasmuch as we were kept continually engaged, when health allowed, trying to bring the first mentioned part to a substantial conclusion.

I trust the people realize that Goffstown is a large town (was larger geographically than today), that this is a great work, and a gigantic task for one alone to undertake, but I am glad to have been able to carry on the work thus far.

I have come to know much more of the town, of its people, particularly its early settlers, those hardy pioneers who laid the foundations of future homes, of their true worth and value.

Five Goffstown

Our town has much that is valuable, solid, good, patriotic and honorable, and in future years to those born or reared here a history will be full of interest.

GEORGE P. HADLEY.

## REPORT OF HEALTH OFFICER.

---

*To the Citizens of Goffstown:*

The last session of the legislature passed a law which practically eliminated local Boards of Health in the towns of the state and I have included here as a part of my report a copy of the law.

AN ACT to Improve the Public Health Service.

*Be it enacted by the Senate and House of Representatives in General Court convened:*

SECTION 1. The state board of health shall appoint as health officer for the towns of the state, respectively, such person as the selectmen of the town recommend, and the secretary of the state board of health shall issue to him a certificate of appointment; but if no recommendation is made within fifteen days after notice, the state board of health may appoint a health officer without such recommendation. Said health officer shall be a resident of the town for which he is to act, except that the state board of health may appoint any qualified person to act as health officer in unincorporated localities.

SECT. 2. Said health officer, with the selectmen, shall constitute a local board of health for such town, and shall succeed in office the then existing board of health.

SECT. 3. Said health officer shall be the secretary and executive officer of the local board of health, and shall hold his office for three years or until his successor is appointed. The state board of health may remove a health officer for any cause at any time after due hearing, and fill the vacancy in such office by appointment as provided in section 1 of this act.

SECT. 4. Said health officer shall enforce the public health laws and regulations and shall make such sanitary investigations as may be directed by the local board of health, or as may be required by the state board of health. He shall receive for his services the same compensation as is allowed by law to local health officers.

SECT. 5. This act shall not apply to the incorporated cities of the state. It shall take effect and be in force on and after June 1, 1915; and all acts and parts of acts inconsistent with this act are hereby repealed.

Approved March 3, 1915.

The following is a summary of the diseases reported to the board of health and health officer during the past year, from January 1, 1915, to December 31, 1915. The board of health existed until June 10, 1915, when the present health officer was appointed by the selectmen. Mumps, 1 case; scarlet fever, 8 cases; measles, 1 case; typhoid fever, 5 cases.

Each of the five cases of typhoid fever were promptly investigated, so that if it was possible the source of infection might be found. Three cases occurred in one family and the origin of the disease was definitely established. In the other two cases, one residing on Shirley Hill and one in the precinct, no source of infection could be discovered by which they could have contracted this disease. No definite knowledge was gained in connection with the scarlet fever cases at Grasmere. There were two complaints made: one which violated Section IX of Chapter 108 of the Public Statutes. This was in relation to the keeping of swine where it was known to be a nuisance and injurious to the public health. The other complaint received violated Section XII of Chapter 108. In this case a person had left unburied in a pasture a dead cow, so that it was offensive to the public health.

The usual attention has been paid to quarantine and the disinfection of infected premises.

The question of a public system of sewerage in the precinct is always pertinent in this report. It is a matter

of great importance and one which is deserving of careful consideration.

To individuals who contemplate building houses or to those who expect changing their present way of sewage disposal, the septic tank is recommended.

## REPORT OF THE TRUSTEES OF GOFFSTOWN FREE LIBRARY

---

In making our annual report we will simply say that we still retain our efficient librarian, Mrs. Ida J. Carpenter, but as you doubtless all know, her assistant, Miss Etta Hart, decided to change her name, also location, which made it necessary to select another in her place, and we elected Miss Mary S. Parker to fill that position.

When we read of bequests left to other libraries scattered throughout the state it makes us wish that our library might be remembered in a similar way, as it would greatly increase its usefulness.

## SCHOOL REPORT.

---

### REPORT OF THE BOARD OF EDUCATION.

#### INDEPENDENT DISTRICT No. 1.

The teaching force in the grades remains the same as last year, and their work has been very satisfactory. Work in the high school has been handicapped by the loss of the approval in the spring of 1915, but through hard work on the part of teachers and pupils the approval was regained in January, 1916. The school year opened with Mr. Edward H. Leonard, a Dartmouth graduate, as principal, and Miss Ethel F. Ney and Miss Helen R. Wolkins as assistants. Mr. Leonard left at the end of the fall term for a better position and in his place we secured Mr. Raymond N. Brown, a graduate of Amherst College, and an experienced teacher, his last position having been at New Boston, N. H. Things now seem to be running smoothly but much still remains to be accomplished before the school will again be up to the standard.

A steel ceiling has been placed in the high school room and the second floor hall, and the ceilings in other rooms have been patched. It is desirable that new ceilings be placed in some of the other rooms as in many places the plastering is very loose. The building should be painted outside and in, and more adequate fire protection be provided. Arrangements are being made for the installation of an efficient fire gong, and it has been suggested that additional doors opening directly on the playgrounds be cut in the first floor rooms to insure the safe exit of the primary and intermediate pupils.

We shall need for the ensuing year: Teachers' salaries, \$4,200; janitor, \$350; fuel, \$250; books, \$200; supplies, \$200; music, \$100; board of education, \$75.

## REPORT OF THE SCHOOL BOARD OF THE TOWN DISTRICT.

---

In presenting our annual report we believe that we can justly claim a good degree of success in all the schools of the town district. The teachers and pupils are working together in a way that is sure to bring results, and will, we think, compare favorably with similar grades in other towns.

The school at the Mountain, Miss Bertha J. French, teacher, and the one at East Goffstown, Miss Luella M. Canley, teacher, are entitled to special mention, the entire membership being on the roll of perfect attendance for the fall term in both schools.

A class of five students were graduated from the grammar school at Grasmere last June.

We wish to extend our thanks to the Woman's Relief Corps for the stands of colors presented to our schools for use in the school rooms.

As the winter term is still in session the statistics for that term are necessarily incomplete.

We thank the voters of the district for the liberal appropriations voted for school purposes and extend an invitation to the parents and friends to visit the schools. We also invite all interested in the welfare of the district to attend the annual school meeting on March 18, at 2 o'clock in the afternoon in the school house at Grasmere.

In compliance with the law we submit the following estimates for the ensuing year:

For tuition .....	\$800.00
For text-books .....	100.00
For school supplies .....	125.00
For flags and appurtenances .....	5.00

EDWIN FLANDERS,  
*Treasurer.*

I certify that I have examined the accounts of Edwin Flanders, treasurer of the town school district of Goffstown, and found them correct, with satisfactory vouchers for all payments made.

SYLVANUS B. GILCHRIST,  
*Auditor.*

## REPORT OF TRUSTEES OF CEMETERIES.

The past year has been a very satisfactory one to the trustees, for the increase of perpetual care funds, and contributions of money from owners of lots.

Grading the old part of West Lawn cemetery is now completed, for which the Unity Club have always given so liberally.

A section of the new ground has been partly graded, which will be finished the coming summer.
